

UTAH STATE ARCHIVES AND RECORDS SERVICE

Series 1622

DISTRICT COURT (THIRD DISTRICT : SALT LAKE COUNTY) [1688]

CIVIL CASE FILES, 1896-[ongoing]

3,287 reels of microfilm

**DESCRIPTION:** These case files document the legal process and the administration of justice in conjunction with a civil proceeding for the determination of a controversy between parties wherein rights are enforced or protected, or wrongs are prevented or redressed. Included are all cases which cannot legally be called "criminal cases". Records and documents pertaining to a particular action are filed together by the court clerk, who is required by the Rules of Civil Procedure to file pleadings and other legal papers. Collectively they constitute the case file.

A civil action commences with the filing of a complaint with the court or by service to the defendant of a summons together with a copy of the complaint. A unique case number is assigned by the court when the papers are filed with the clerk. The case file for a particular action includes the original complaint or summons together with all legal papers subsequently filed in connection with the court proceeding through disposition or dismissal. Included are such documents as: depositions (or written testimony), demurrers (which are pleas for the dismissal of a lawsuit on the grounds that even if the statements of the opposition are true, they do not sustain the claim), interrogatories (a pretrial discovery tool in which written questions are propounded by one party and served to the adversary, who must answer by written replies made under oath), answers, counter claims, replies, motions, petitions, affidavits (written statements made under oath before an officer of the court, notary public, or other authorized person), stipulations (an agreement between attorneys that concerns business before a court and is designed to simplify, shorten, or settle litigation and save costs), exhibit documents (written contracts, bills, receipts, etc.), notices, objections, citations, sheriff's certificates, judge's orders and rulings, judge's instructions to the jury, judge's findings of fact and conclusions of law, final decrees, judgments, and executions (the process of carrying into effect a court's judgment, decree, or order).

Demurrers, pleas, and exceptions for insufficiency were abolished in 1953. Transcripts (an official and certified copy of what transpired in court or at an out-of-court deposition) and exhibits (items of real evidence) are not included in the case files.

Petitions for divorce are the predominant type of action in the civil case files. Suits to recover money are also common. These actions arise out of failure to honor promissory notes or other contract terms and non-payment of rent, lease payments, and court-ordered judgments. Attempts by plaintiffs to recover medical costs and lost income arising out of personal injury cases resulting from alleged carelessness or neglect appear frequently. These include traffic mishaps or accidents involving neighbors, employees, or business customers. Property cases include disputed ownership, damage, and contested improvements.

Legal actions include voluntary withdrawal or dissolution of corporations as well as petitions for a writ of habeas corpus (a court order requiring that a prisoner be brought before a judge to decide the legality of his detention or imprisonment). Court business (grand jury lists and reports, orders summoning persons to serve as jurors, various writs, etc.) have also been assigned civil case numbers.

According to statute, the district court has jurisdiction in all civil matters not excepted by the state constitution and not prohibited by law. During each calendar year the court is required to hold at least three terms at the county seat of each county within the district. The county clerk in each county serves as ex-officio clerk to the court and is responsible for maintaining the case files for actions arising in that county. While sitting in Salt Lake City, the Third District Court is restricted to adjudication of actions involving real property located within Salt Lake County, those in which the defendant resides in Salt Lake County, and those involving incidents occurring in Salt Lake County.

Responsibility for cases involving minimal monetary claims was reassigned to the newly created small claims departments of inferior courts in 1933. When inferior courts have original jurisdiction, the district court is limited to hearing appeals. Included are violations of city and town ordinances, as well as minor traffic laws, where a City Court or Justice of the Peace Court is established. Upon receipt of an appeal, the district court conducts a complete retrial of the case.

**ARRANGEMENT:** The case files from 1896 through 1969 are arranged by consecutive case number. Documents within individual case files are arranged chronologically by filing date. It appears that files dealing with court business (writs calling jurors, grand jury lists and reports, etc.) were routinely assigned half numbers during the twenty-odd years immediately following statehood. For example, oaths of office were grouped in file no. 1 1/2. Regular case files were inexplicably assigned half numbers occasionally as well.

**RESEARCH NOTE:** The case number assigned by the court is essential to locate the desired case file. Researchers should first consult the indices to plaintiffs and defendants found in

series 6071, CIVIL ACTION INDEX, to find the unique case number corresponding to the appropriate case file. Case numbers may also be found using the surname index in the JUDGMENT DOCKETS, series 1671. Files of cases on appeal are imprinted with two case numbers; the number first used by the inferior court as well as that later assigned by the district court. On extremely rare occasions, two separate cases were assigned a single case number.

**RELATED RECORDS:** CIVIL ACTION INDEX, series 6071, records the names of plaintiffs and defendants involved in civil actions and provides assigned case numbers. The assigned case number and filing date are recorded in the JUDGMENT DOCKETS, series 1671, which also includes the book and page number for the corresponding judgment record. Series 3252, REGISTERS OF ACTION of the Third District Court, contains a chronological list of the documents filed and fees paid in connection with these civil cases. The proceedings of cases are documented in MINUTE BOOKS, series 1650. Series 3568, JUDGMENT CASE FILES, documents the final judgment in civil cases. Series 11381, JUDGMENT RECORD BOOKS, summarizes the proceedings and final judgment of the action taken in these cases. Series 1663, ABSTRACTS OF JUDGMENT, includes information on those cases which, due to unsatisfied judgments, result in liens, garnishments, and further action by the court. Testimony and proceedings in cases going to trial are recorded in series 3580, TRANSCRIPTS AND DEPOSITIONS. Individual documents and entire case files sealed by court order have been removed to series 12628, SEALED CIVIL CASE FILES. Files of cases adjudicated in Salt Lake County during most of the territorial period (1856-1896) are found in series 9802, CIVIL CASE FILES.

**CUSTODY HISTORY:** The Salt Lake County Clerk serves as ex-officio clerk of Third District Court in and for Salt Lake County. The county/district court clerk maintained custody of the civil case files until their transfer to the state archives.

**PROCESSING NOTE:** The Utah Judicial Council has determined that case files are permanent records. Microfilming and destruction of the original records was authorized by the court clerk. Microfilming of case files (1896 through 1969) for reference use was done between 1981 and 1991. When it wasn't possible to complete microfilming of a long case file before coming to the end of a roll, the contents of the file are continued on the subsequent roll(s). A single case file that would by itself fill one or more microfilm reels was frequently removed during filming and shot out of order. These reels have been assigned the next number in reel number sequence. Occasionally the same case file will appear on two reels. This occurred when the final case or two filmed on one reel were inadvertently refilmed at the beginning of the next reel. These records were archivally processed by W. Glen Fairclough, Jr., in 1994.

This is a continuing series. New additions are transferred to the Archives at regular intervals,

averaging over 300 cubic feet per year. Records after 1969 are available in paper format only.

**GAPS IN THE SERIES:** Numerous case files are missing. All years are accounted for but occasionally there is a gap of a group of cases. Random individual missing cases make up the bulk of the gaps. Individual documents and entire cases sealed by court order have been removed.

## CONTAINER LIST

Reel	Description	Dates
1	1-14	1896
